As we celebrate National Catholic Schools Week at St. Margaret Mary School, I want to extend my heartfelt and sincere appreciation to the families of our students. You are setting the stage for your children to be formed in our Holy Catholic faith.

When I walk through the hallways and visit the classrooms of our school, I not only see and hear the strong foundation of education our children are receiving but, I also witness an inspiring and beautiful community of faith. Our students are thriving because of the dedication of our faculty and staff to their vocation.

This school year we have been blessed to be able to continue to teach our students in-person in the classroom since the first day of school. Our students will tell you they love being in school with their classmates and although there are some restrictions such as social distancing and masking, the learning and love is apparent.

The theme for National Catholic Schools Week 2022, is "Faith, Excellence and Service." The theme encompasses the core product and values that can be found in our Catholic schools. Not only are we teaching our students to become future servant leaders, faith-filled disciples and enriched citizens in our community, we, as educators are growing with them. In Catholic schools, we are all learners, servants and leaders. These shared qualities are what make Catholic schools stand out among others.

Your child's education starts here at St. Margaret Mary School where the future is bright. I welcome you to come visit and take a tour. We would love to have you as part of our St. Margaret Mary School family. ([www.stmmparishschool.org](http://www.stmmparishschool.org) or call 717-232-3771)

Happy Catholic Schools Week! May God bless our students, parents, our staff and faculty and keep them in his care.

God Bless,

Mrs. Pronio
